Monex Personal Evolution is a personal financial manager based on double entry bookkeeping principles. Monex Personal Evolution is based on Monex by Andrej Zavrsnik. Monex Personal Evolution is the Monex personal financial manager packaged as a portable app, so you can take it with you on a USB drive, iPod, etc and use it on any computer. Monex Personal Evolution Description: I know there are other people looking for a similar app and I just wanted to let you know that I have decided to publish my bookkeeping app Monex PE (Portable Edition). In the upcoming weeks, the app will be updated so that all new features and bugfixes will be added. As always, I will provide bugfixes and new features for the price of about € 20.-. You can use my low-priced beta-app for a limited time, before I start charging for the full version. The source of the app is on Github, and the source of the core-library is on BitBucket. You can find the source-code on Github and BitBucket, after your payment (don't forget to signup before you start). If you want to test the beta-version of the app, you can buy it for 20,- (€20,-) or you can receive a personal invitation (don't forget to buy your invitation before you buy the app). If you have any questions, don't hesitate to contact me. Last edited by Moritz on Wed Feb 01, 2016 4:40 am, edited 2 times in total.
