able to share with you an offer that seems to be doing very well for so many people. I have spent a year reviewing hundreds of  
online opportunities in many different niches, and I have learned two simple things: 1) When you are looking for a high ROI in  
a low-risk internet marketing strategy, your best bet is to look for affiliate marketing programs that pay at least \$50 per sale (if  
not \$100 or more) because the risk involved with them is very low. The second thing I have learned is that you simply must sell  
to customers who will pay for your offer. I don't care if you have a new site and are using old blog software, an "old fashioned"  
sign up form or a sign up link. One thing I noticed has been that the more an offer has a "try before you buy" option, the better  
the conversion rate. I've even found offers where I could get instant downloads and instant results for \$10, \$100 or \$500 for a  
total investment of less than \$50..... I hope that you find this information useful as you think about starting a  
career in the digital world. Become a Facebook Fan See More See Less Shopping Cart Aanstalt Dit Intmction . May 5, 2018
