Pet Physiology is designed to help students develop problem solving skills. There is no e-book... Author: Åystein V. Sjaastad, Olav Sand, Knut Howe ... There are several thousand species of birds in the world. But for a person who loves birds, only a small part of them is interesting, namely those that are found in his area. In Norway, for example, there are about thirty species of finches. These are mainly yellow-headed finches, such as wood and song finches
