Game Update:As most of you know by now there was a version 3.15 update released recently called Promo. I didn't post about it right away because there weren't any obvious changes to the game. I confirmed over the weekend that the update was strictly back-end updates. On the plus side, some in the forum have reported that it seems to have fixed some glitches in their games for them.Pink Exclusive Dream State Starter:Over the weekend, Bryan1-2 from the forum reported a new color variation of the Dream State Starter. It has a pink version of the UB hub (not just plain pink like the Limited Too exclusive) and comes with Twinx and Waggs. Funk-E confirmed to me that it is a Toys R Us exclusive. On a side note, Funk-E also confirmed that the black hub version of the Dream State Starter is an exclusive for a UK based retailer called Argos. I've done some digging and they will not ship outside of the UK, so US collectors are going to have to resort to places like eBay as they start becoming more widely released.Other Images:First one up is this image of some early prototypes from Hidden Realm. We originally talked about it here but didn't post the image at the time...Second is an image that was pointed out by someone on the forum. It's the Speed Racer image from Target.com. I hadn't noticed, but the Racer X in the image looks completely different as if it was an early design...Last image for this post is a Funkiki Island image I had not seen before. Looking around last night, I found this on the UK version of the Radica website...Labels: Argos, Black Hub, Dream State, Exclusive Funkeys, Funkeys News, Funkiki Island, Game Updates, Pink Hub, Preview, Racer X, Speed Racer, Toys R Us, Twinx, Waggs

### Ub Funkeys 5.0 Paradox Green Download

As of right now, the game is still at the point where the Funkeys are invisible in the game world. But I'm going to see if I can figure out what is going on in the game environment.I will be leaving in a short bit to go watch some pro wrestling...In the mean time, see some of these other videos...Tips and Tricks - <https://www.youtube.com/watch?v=bNSNnV54Hnw>Tips and Tricks - <https://www.youtube.com/watch?v=F6GcMx5eEt8>Portal Jammer - [https://www.youtube.com/watch?v=A-5RY\\_4UaCw](https://www.youtube.com/watch?v=A-5RY_4UaCw)How to setup your Facebook Account - <https://www.youtube.com/watch?v=NP6xyiQo7j4>Learn to play Guitar - <https://www.youtube.com/watch?v=UwjJ10ScOU>How to Make Text Talk - [https://www.youtube.com/watch?v=5k2iOK\\_Jlks](https://www.youtube.com/watch?v=5k2iOK_Jlks)How to Make a GIMP Avatar - <https://www.youtube.com/watch?v=8-zYd5RH7n0>How to Make Flappy Bird - <https://www.youtube.com/watch?v=stH-1oYFuKQ> I also just found something interesting - a UB Funkey on a web page. A web page! Wow. Okay, I guess it hasn't been done before, but it's still pretty cool. After the new Funkey prototypes come out (likely at the end of August) I'd be interested in seeing the designer have the ability to put a web page up. I can already imagine what they could do with a web page, probably could make it more interactive to add in some kind of different missions as you go along. Anyways, I will keep watching UB Funkeys World for any new info that comes out, and will post anything cool that comes out of Comic Con. Check out the site.Here's a link to the website of UB Funkeys World: <http://www.ubfunkeysworld.com> If you liked the pic, there are some more pics available here... ~~~~~ 5ec8ef588b
