Games. It was launched in 1997 and released weekly until 2008, after which publication frequency was changed to two issues per year. It is still a large website covering the gaming industry and as of 2013, it is available in the United Kingdom, United States, Canada, France, Germany, Italy, Spain, Sweden, Finland, Poland, Norway, Netherlands, and Belgium. It is particularly relevant for miniatures gaming (as well as board games, role-playing games, and other games that use miniature figures as part of their design) and consists of news, features, and reviews of games. Its website also contains a gallery of miniature art as well as other sections about the games and their companies. The owner, The Wargaming Network, is a website dedicated to the subject of miniature wargaming. Bitefilm is the Social Network for Social Video; an innovative and dynamic platform with the
