The new fantasy action RPG for PS4, PS Vita and Windows PC is a game that puts you in a world where the Elden Ring rules. Equip weapons and armor, and master magic as you rise, and be guided by grace to wield the power of the Elden Ring and become an Elden Lord. The Elden Ring is a group of powerful mythological entities that reside in the Lands Between, the world between worlds. Its power is said to be immeasurable. It is said that there are three hundred god-like beings within the

Elden Ring. Only by defeating the three hundred at once can you become an Elden Lord. In this world, where the people have already been living for some time, there are many strange things that have appeared. There is a tower that has no natural form, and the Sanctuary Castle appears where a religion once was, but now is overrun with monsters. People in the Lands Between are called

Travelers, and these travelers experience a series of large-scale wars, here and there. And now... there is a rumor that a mysterious figure called the Demonic King appears on the lands between. This person is said to be the one who grants the three hundred powers to create an evil Elden Ring. Many are in pursuit of him. With your asceticism, wisdom, and accumulated spiritual power, you will

raise from your journey to become an all-knowing Elden Lord. MEANINGFUL APPEARANCE In addition to its impressive graphics and smooth gameplay, the game world, graphics, and the character who appear in the game look beautiful. Your emotions are conveyed to you through the game, and the atmosphere of the game world is so vivid that the player feels the excitement of the battle.

BEAUTIFUL CHARACTER GALLERY • A story that captivates your heart The atmosphere of the Lands Between is conveyed to the player in such a way that it invokes a sense of mystery and emotion. A story is told through a combination of different thoughts and feelings, and it is an epic drama that directly expresses the feelings of the characters.

• Viewing the Viewable World As an online game, this game is an RPG with free camera. The world that appears in the game is a mixed world, with fields, forests, and lakes, and the two-dimensional graphics are of high quality, realizing various forms, such as a beautiful large pond or a beautiful country.

• Deformations and Textures The latest and greatest technologies are used for the graphics. By employing the latest Deform techniques, changes in lighting, view angle, and the number of viewable objects can be realized, and the overall graphics result is not just images and letters, but a full-scale world.

DUAL TACTICAL CONTROLS The character control system is an action RPG game in which you are focused on the action and your character is free to move and take action. That is to say, the player can freely move the character around the two-dimensional map by using the mouse, and the character will also be capable of freely moving in a three-dimensional space. The player can freely control the main character by using the space bar, and the game also supports a free camera, allowing the player to view the game world as they please.

• Use or Not Use the Space Bar At the intersection between the character and map, a behavior in which the player has a considerable degree of freedom is realized.

• Turn Management There are situations in which the character acts as a shield for another player, and it is also possible to approach the area in which the character acts as a shield. It is possible to freely make the switch between being an attack-oriented character and being a defense-oriented character as you make more experience points.

• The Combination of Free Movement, Invasions, and P
