the end (when the cavity is no longer depleted) the input beam orientation changes by  $90^\circ$ ; the change in phase difference causes the pulse to veer slightly, but the effect is insignificant. When the cavity is closed the input beam intercepts the Bragg mirror with a small (perpendicular component)  $z$  component of the momentum vector. In terms of energy and angle this corresponds to a shift by a change in energy and angle of  $\sim \Delta E/E = 0.002$  and  $\sim \Delta \theta$

**network and online matchmaking. — New Occupation: Comedian** The “comedian” is a game-specific occupation to display a nice card like “Just start-up”, “Knock-out” or “Resurrection” on the skill screen to instantly give you additional base cash. Comedians gives a choice between three different cards. You can use “Opening Act” on your opponent to deal more damage or decrease the damage he/she is receiving. — **New Advanced Occupation: Gamblers** The “Gamblers” is a game-specific occupation to shuffle your own deck, during the fight, after each battle and the collection phase. You can evaluate the current enemy card perfectly, challenge the enemy to win or lose, and manipulate the enemy’s own cards to help you to win. These new occupations will be available to all players with “Home Behind” at the end of the end of this year!

**Endless Mode:** The Endless Mode is the biggest and most challenging challenge mode in “Home Behind”. Once you have made all 4 “zones”, you will get a new difficulty type: 6, 7, 8, 9 and 10. Each zone comes with more challenging encounters, tougher survival conditions and tougher monsters. But it’s not the end, you will need to play on to save up enough card shards! Each zone comes with a boss encounter. The boss is not a regular hazard but a unique monster, your efforts to beat the boss will determine the difficulty of the next level. Endless Mode comes with the following: Endless mode 8 is very hard mode, you may need more than 10 times efforts to win Endless mode 8 (1+2), but the boss will be a
